2023  
ANNUAL REPORT

PARTNER  
FOOD BANK OF  
FEEDING  
AMERICA

**Our Mission** is to combat the hunger crisis in our area...  
**because no one should go hungry.**

## A Message from Leadership

As we look back on 2023, one thing is clear. Our community is stronger when we come together. Thanks to your generosity and support, El Pasoans Fighting Hunger was able to provide food, hope, and dignity to thousands of families across our region.

Every day, we saw the impact of your kindness. At our Mercado, families lined up, knowing they could find not just food, but a welcoming space. Seniors on fixed incomes received the groceries they needed to get through the month. Parents breathed a little easier, knowing their children wouldn't go to bed hungry.

Hunger doesn't take a day off, and neither do we. In 2023, we expanded our programs beyond food distribution. We connected people with essential support services like housing assistance, healthcare, and SNAP applications, helped more people through our Food FARMacy, and constructed our new food processing rooms to build our capacity to process nutritious bulk food. As we step into 2024, we're launching a new workforce job training program to help people develop stronger job skills and be able to earn better wages to support themselves and their families.

None of this happens without you. Whether you donated, volunteered, or simply spread the word about our mission, you played a part in making sure no one in our community was left behind. The fight against hunger is far from over, but together, we're making real change one meal, one family, one future at a time. Thank you for standing with us.

Gratefully, 

**Brad Dubow**

# Food Processing Rooms

To increase our ability to accept and distribute more donated food, El Pasoans Fighting Hunger is investing in **three new food processing rooms**. These state-of-the-art spaces allow us to take in and repack food that other food banks might struggle to handle, such as **large quantities of frozen meat, bulk pasta, and 2,000-pound boxes of beans**.

BEFORE

AFTER

## Food FARMacy

We are playing a critical role in improving health outcomes for our neighbors through the **Food FARMacy**. This initiative provides fresh, nutritious food and education to individuals managing chronic diet-related illnesses such as diabetes, hypertension, and heart disease. Each week, eligible participants—referred by healthcare providers—receive healthy food tailored to their needs, along with guidance to make informed nutritional choices.
